

## **Member of Congress, Candidate, or Government Officials Event Participation Request**

Due to the challenging nature of scheduling government officials and public figures, their staff have asked we provide specific information included in the form below to help expedite the meeting request and provide government staff with what they need to process the request. Typically, a formal scheduling request should be sent no less than 30 days out from the event. If this is a local event, please know that members of Congress are typically in Washington, D.C. from Monday night and return to the State on Friday early afternoon and likely cannot attend a local function Tues, Wed., or Thurs.

Please understand that meetings with constituents attending are given top priority, not having a solid showing of voters from that Congressional District or State will SIGNIFICANTLY reduce the likelihood of this request being approved by their office. For some offices, no constituents is an immediate rejection of the request.

*Restrictions:* Please note that due to federal law, members of Congress cannot receive anything of value of \$10.00 or more, this includes meals, drinks, tickets, admissions charges, data storage drives. Federal government officials also have certain restriction on items of value, usually around \$50 limit. In addition, private, for-profit entities cannot provide any items or services of value, while educational foundations and certain non-profits may pay certain expenses.

Thank you for your help, we know this is a cumbersome process but even the lowest ranking member of Congress and government officials receives hundreds of meeting requests each month. We will do our best to help facilitate this request.
